ERA®

ARCHITECTURAL HARDWARE PRODUCTS

Profile

ERA industries, one of the pioneer name in stainless steel industry with its commencement in 1995 is serving you with its expertise in stainless steel products. Since year 2003 we have been providing you the latest and modern designs in architectural hardware products.

Whatever the architectural style of your home or building project, ERA INDUSTRIES has the product to suit. We pride ourselves with having one of the largest product range in architecture hardware in INDIA and now choosing the right product is easier than ever.

The Quality of our products plays a key role in influencing the quality of our products. This cover the entire value-added chain and production. In addition to our highly qualified staff and their pronounced quality thinking, we surpass technical standards. Contemporary production facilities and measuring equipment as well as stringent quality controls from the raw material to the finished product ensure the outstanding quality of our products.

We concentrate on the varied needs of our customers.
